

Construction Division

Our Construction Division delivers projects in the East and West of Scotland ranging from £1m to £10m in value, completing approximately 20 projects per year with a turnover of £40m p/a. Works delivered include: new build, design & build and refurbishment projects in all sectors.

- Completed 40 new build projects totalling over £80m within the past 5 years
- Has delivered 42 refurbishment projects totalling over £50m in the past 5 years
- Has carried out 26 Design and Build projects in the last 5 years totalling over £50m
- Is skilled at developing phased programmes to ensure minimal disruption to building users in live environments
- Is supported by our Administration, Finance, Marketing, Procurement and Health, Safety and Environmental departments at all times.
- Utilises our formal supply chain of approved suppliers and subcontractors which is managed by Constructionline.
- We employ our own in-house Design Manager who is responsible for co-ordinating the design process and managing contractor design portions.
